Marketing *Inspiration* for the Growing Business

While Terrasi has made its best effort to accurately project estimate costs, we understand that factors beyond our control (unforeseen client changes, supplier cost changes) may not be reflected in these estimated fees. Terrasi will make every effort to inform the client of any changes that may impact these estimates. Any extensive changes, including custom graphic design elements will be billed separately and result in additional charges.

Getting Started:

We are ready to get started as soon as you award us the project. Our standard procedure is to invoice 50% of the project cost at the beginning of the project and invoice the remainder when completed but prior to order submission.

After we have received the initial installment, we will provide the following:

1. Project timeline outlining the project milestones and review dates.
2. All designs and prototypes will be approved by client before proceeding.

We look forward to getting started. If you should have any questions, please contact me at (239) 677-8752. Again thank you for the opportunity to work with your company.

Please sign below in acceptance of this proposal and email/fax back to us.

Sincerely,

J.P. Terrasi
